

January 2025

Dear Valued Client,

We are excited to announce the consolidation of all Breakwater International branches inclusive of California, Texas, Florida, East US and Western Europe. Moving forward, the company will be solely recognized as:

BREAKWATERINTERNATIONAL

Benefits of this consolidation include streamlined banking and more importantly, purchase order issuance to one entity without the need to differentiate between branches. Service inquiries have also been simplified to a single point of contact: service@bkwint.com.

Please be assured, the strong local support you've come to rely on will remain the same. Our dedication to prompt response and focused assistance from start to finish will be unwavering as we continue this journey with you, our valued partner.

Thank you,

The Breakwater International Team
